LA TERRASSE DES ANGLAISES

Nestled beneath the chestnut trees of the Bois de la Cambre, the Terrasse des Anglaises offers a true green escape. With its chalet bar and unique atmosphere, it brings a touch of conviviality and authenticity that makes all the difference.

During the warmer months, it becomes the natural extension of your event: open-air drinks, a barbecue with colleagues, a relaxed end to the evening over a game of pétanque. It is the space where your guests catch their breath, mingle and make the most of the moment. And if the weather turns, it can be fitted with a tent so you can enjoy the setting whatever the conditions.

The Terrasse des Anglaises is hired in addition to the indoor spaces. As an extension of your event, it offers guests something extra: fresh air, trees, and that rare feeling of being in the countryside without ever leaving the city.
